**GENIE INDUSTRY'S TZ-50 TRAILER-MOUNTED ARTICULATING BOOM
WINS RENTAL EQUIPMENT REGISTER'S INNOVATIVE PRODUCT AWARD**

REDMOND, WASH (Aug. 9, 2005) – Genie Industry's TZ-50 Trailer-Mounted Articulating Boom is a recipient of Rental Equipment Register's (RER) 2004 Innovative Product Award for the aerial lift category. Recipients of the Innovative Product Awards are chosen by a random sampling of RER magazine's readers.

Headquartered in Redmond, Wash., with branch offices worldwide, Genie Industries manufactures material lifts, aerial work platforms, trailer-mounted booms and light towers, scissor lifts and self-propelled telescopic and articulating booms.

Genie Industries, Inc., is a subsidiary of Terex Corporation (NYSE: TEX), a diversified global manufacturer based in Westport, Conn. For more information on TEREX, please visit www.terex.com.
