PARTS FOR ALL

Genie® is pleased to introduce programs designed to service all makes and models of equipment in your fleet. In this catalog you will find program details and application information. Let us help you find the right fit for your maintenance and jobsite needs.

CHARGE YOUR FLEET

ALL-MAKES CHARGER FOR SCISSOR LIFTS AND BOOM LIFTS

- Battery charging profiles to optimize and extend your battery life
- Over-voltage protection to protect your batteries from dirty power
- Rated for demanding environmental conditions and suitable for a variety of JLG, Skyjack and other manufacturers

PART NUMBER	DESCRIPTION
CH24V17A01	CHARGER, 24V, 17AMP

FEATURES	ALL-MAKES	SIGNET	DELTA Q
Charger PN	CH24V17A01	HB600-24	QuiQ 912 Series
Voltage	24 V	24 V	24 V
Water/Dust Protection (IP Rating)	IP66	IP66	IP66
Battery Charging Profiles	18	2	Up to 10
Fault Codes	7	4	6
CAN Bus (Telematics, OEM features, etc)	No	No	No
Amperage	17 Amps	19 Amps	25 Amps

EXAMPLES OF REPLACEMENT OEM PN:	
SIGNET	JLG: 7041410, 7041782, 7041571. Skyjack: 128537, 161827, 161828
DELTA Q	1001112111, 1001102932, 1001129847, 1001136381, 1001104613

ONE-STOP-SHOP

ALL-MAKES SCISSOR LIFT TIRES NOW AVAILABLE FROM GENIE*

- Competitively priced aftermarket scissor lift tires from JLG, Skyjack and Genie
- Free freight on qualifying orders

How to Place an Order:

- Place order through Terex ecommerce system using the part numbers provided. Please note applicable minimums & part multiples (SPQ: standard package quantity).

Note: All pricing showing on ecommerce is by the gallon or pound. The correct SPQs must be entered for each part number when ordering

PACKAGED Products

- "Packaged" refers to a non-bulk item in a preset quantity, such as a "drum", "pail", "tube", or "jug". Packaged products are sold by the gallon or pound in a pre-set multiple (55 gallons for a "drum"; 5 gallons for a "pail", etc).
- 150 gallon minimum purchase (mix of products)
- When ordering, the correct SPQs must be entered for each part number.

BULK Products

- "Bulk" refers to a tank fill program. Your on-site tank will be filled by the Chevron delivery vehicle.
- 200 gallon minimum purchase
- All are sold by the gallon, with an SPQ of 1

PROTECT YOUR SURFACES

EQUIPMENT TARPS AND TIRE COVERS*

EQUIPMENT TARPS:

- **Pre-Cut:** Available for slab scissors (Genie, JLG, MEC, Snorkel) & Genie GR products
- **Cut-to-fit:** Rectangular cut that is fitted on location to the equipment
- Each tarp includes bungees, clips and magnetic hooks

TIRE COVERS:

TIRE COVER OPTIONS	FABRIC	COATING	TARGET APPLICATIONS
Light Duty	Textured Polyester	Water Repellent Urethane Coat (DWR on interior)	Light Duty, Sealed Floors, Carpet, Tile, Smooth Finish, Slower & Smaller Tires
Ballistic	Ballistic Nylon		Rugged interiors, Raw Concrete Floor, Larger & Fast-moving Tires

*Both the tire covers and equipment tarps are available for all makes/models of scissors, booms and telehandlers.

NEW FROM GENIE

COMPACT CONSTRUCTION AUGERS TO MEET YOUR JOB'S NEEDS

- Choose from either a complete auger drive setup or individual augers/extensions based on specific job requirements
- Bolt-on and hammer-in teeth options allow customization based on the type of soil and drilling conditions
- Standard 2" hex output shaft facilitates compatibility with a variety of augers and extensions

- **Clean** — Save time and effort using the Power of Foam, clean and degrease with Dakota Wash HD, and soften concrete & scale buildup with Cement Remover. Multiple options available:
 - Wall Unit Foam Package
 - Power Cannon Power Washer Foaming Attachment
 - Dakota Wash HD directly through power washer injection system
- **Shine** — Restore faded paint to its original color and luster with two Dakota Shine options:
 - Aerosol Kit
 - Industrial Kit
- **Choose** — Several different products are available to fit your fleets' needs.

DAKOTA AG PRODUCTS

DAKOTA SHINE

Dakota Shine revitalizes oxidized and faded paint to restore color and luster. Process includes:

1. Cleaning and degreasing the surface with Dakota Wash
2. Prepping the surface area with scrub pads and Dakota Prep
3. Applying Dakota Shine
4. Letting the unit sit until dry (unit will be ready to go the next day)

This works particularly well when touching up paint to color match a repair. It is not a clear coat and can be used on painted surfaces, decals, plastics, fiberglass, and more. Dakota Shine is less costly than painting, less time-intensive compared to waxing, quick dries to reduce overall turnaround time, and requires no mixing, producing less waste. Dakota Shine has been proven to increase resale value.

DAKOTA WASH HD

Foaming cleaner and degreaser that is user-friendly and environmentally safe, biodegradable and non-toxic. Dakota Wash breaks down heavy buildup and saves you effort, time and money.

Steps include:

1. Spray foam on machine
2. Wait to let foam set
3. Pressure wash foam and grime off

For heavy-duty use, Dakota Wash is best applied through the Power of Foam wall mount system, a regulated foam sprayer operated by compressed air. For lighter jobs, the Small Power Cannon installed on the end of a standard pressure washer is best. The 5 gallon Dakota Wash HD Concentrate can be used directly through the power washer injector system. Proven via 3rd party testing to not adversely affect water recirculation systems.

CEMENT & CONCRETE REMOVER

Remove heavy concrete, cement and scale buildup with minimal effort:

1. Spray it on
2. Let it soak & soften the buildup
3. Rinse with power washer

Tough enough for the heaviest concrete & cement buildup on heavy equipment yet gentle enough to remove scum & scale buildup on painted surfaces. Foam pre-soak softens heavy concrete & scale buildup, which allows the user to power wash it off in less time. Cement Remover can be applied using a Power of Foam foamer (Power of Foam Wall Unit) or standard weed sprayer. User-friendly, non-toxic, biodegradable and non-hazardous. Cement Remover Foam Pre-Soak can be diluted with 5 parts water to 1 part concentrate, or with direct application for heavy buildups.
